Manglik Vichar

When considering a marriage and a married life in astrological astrology, special attention is paid to the Mangalik dosh. Although people of the bride or the groom side are frightened by the word Mangalik. But here we will consider that what actually a manglik dosh is and what undesirable it causes to happen. You will be surprised to know that 80 percent of the world's people are mangli. Mangal defect is given special attention while matching of horoscope for wedding, but one should not be frightened by the word Mangali.

Our sages has told Mangli dosh from birth lagn, from the marriage lagn, from moon's lagn and from Venus lagn, and some scholars also told Mangalik on being mars in money. Mangalik dosh is there when mars is on the first, fourth, seventh, eighth and tenth place from the birth lagn to moon lagn or Venus lagn. Now the question is, why manglik dosh is considered from mars only ? Because Mars is a sign of blood and at the same time Mars is the source of courage, bravery, and of destruction like fire. Generally all the planets keep their vision in the seventh place from their place. But Mars, Saturn and Jupiter have the right to a special vision. Mars keep complete vision on fourth, seventh and eighth house from its place.

Married life is specially considered through Mars. The scholars have considered the mangal from the first, the fourth, the seventh, the eighth and the tenth house. And left the remaining houses. There is also a special reason for this. Because in our astrology, the sense of lagn is considered as a tanu or a body. The reason for seeing through moon is that it is the planet of mind. Similarly Venus is the planet of sex and semen. For these reasons, this type of Mangali defect is considered.

If Mars is in the fourth place depicts the fullest sense of mental peace and in the seventh, with the point of view of marriage, and the eighth house expresses the sense of the age of marriage, the inauspicious trend of Mars gives inauspicious result.

Mangal sees mental pleasure in the fourth house, and in the seventh house, which is the house of marriage, sees it with fourth complete view.

Mars is not auspicious for marriage in seventh house.

The eighth house shows the age of the wife in the horoscope of the male and the shows the age of husband in wife's horoscope. This eighth house is also the age of marriage, so it shows the mangal bhav of wife in the male horoscope and shows mangal bhav of husband in female horoscope. In the eighth house, Mars is considered inauspicious.

Mars shows sleepiness and pleasure for the male and female in twelveth house, it influences seventh house from here which is house of marriage by the eighth full vision.

There is a need to consider that the Mangalik dosh does not create its affect from Mars only but it also creates from the Mangali Yoga factor planets. Mangali yog is also made from Mars, Saturn, Sun, Rahu and Ketu, because these five are the sin planets. When these planets sit in lagn in fourth, seventh, eighth or tenth house or if they do battle, then they decrease the health, pleasure and happiness of the person. The inauspicious effect of all these directly influences the person's happiness. If manglik dosh is created only by the lagn kundali, its defect and its bad effects are weak. If there is a flaw with the moon kundli as well in addition to lagn, its effect is increased because the Moon is a pleasant planet. But if this disease is made from the lagn horoscope, the moon horoscope, the Venus horoscope ie if it become from all the three, then its side effects are increased and it leads to excessive possibilities of decreased happiness of the couple.

Saturn Dhaiya:-

When Saturn as per Moon horoscope transits from fourth and eighth then Jatak is under the Dhaiyya of Saturn. It means that for a period of two and a half year Jatak remains in the special effect of Saturn. Though in every zodiac sign, Saturn remains for two and a half years then why the thought of two and a half years is from Fourth and Eighth only and nowhere else?

Because Saturn gives results according to religion, money, sex, salvation in every bhav. Fourth and Eighth bhav is bhav of salvation. Today in the world most of the people are running behind physical luxuries more instead of religion. But astrology has a rule that by which bhav Saturn transits for religion, money, sex, salvation, person should act accordingly.

4th Bhav Dhaiya:-

To know the result of this, we will see what saturn is sitting in, and where and where is the third seventh and the 10th vision going, because the person related to those bhavs receives ill fated fruits. Saturn, from the fourth house, sees the sixth house as the eighth house, meaning that when Saturn passes through the fourth house, the person is reduced to physical pleasures, that is, the fourth house produces problems in mother, house, vehicle, and happiness. Because of that, it makes a difference in business.

8th Bhav Dhaiya:-

When Saturn as per moon horoscope transits from eighth bhav then gives Dhaiyya. The eighth Dhaiyya is more inauspicious than fourth dhaiyya. As per my experience, when this dhaiyya starts, Jatak gets good and auspicious results and person starts new works. But eighth dhaiyya while getting new work started, deceits in between, hence every person in eighth dhaiyya should be specially careful because from eighth bhav Saturn sees tenth bhav from third vision, second bhav from seventh vision and fifth bhav from tenth vision. Eighth bhav dhaiyya, first of all, creates problem in business. Due to which there is a bad effect on personal family and money and due to money, there is trouble to children or pain due to end, hence, in eighth dhaiyya, Jatak any new work such as loan from bank, buying, selling of land or property or distributing father's property is harmful.

When Saturn in transit, as per the Sun Sign, enters into twelfth bhav, then Sadhesati of Saturn starts on Jatak.

Meaning of Sadhesaati is Seven and a half year- i.e. two and a half years of twelfth bhav, two and a half year of First bhav and two and a half year of Second Bhav, total of these three becomes seven and a half years. We can understand it like this that when Saturn transits from Moon zodiac sign from first bhav then Jatak is under effect of Sadhesati and in this situation Saturn holds on bhav of one sun sign back and bhav of one sun sign ahead, i.e. the sun sign in these bhavs. The Jatak of those sun signs gets Sadhesaati.

Often Sadhesaati gives inauspicious results. But it is not a full truth. Jatak gets auspicious results too in Sadhesaati. Our Saints say that no one can get more than luck and before time.

In horoscope there is our luck and the planets sitting in it and the yog made up of them. For minute thinking, first of all, we should see the situation of Saturn in Lagn horoscope. If Saturn is sitting in a good auspicious situation in Lagn horoscope i.e. in a high position or in its own sun sign or adding position, then such Saturn in its Mahadasha Antardasha or transit will always give good results only. But if it is in inauspicious position then it will give bad results hence it should also be considered. When Saturn from moon sign transits in twelfth bhav then Sadhesati starts and gives bad results, but to know as to what bad results it will give, consideration on the three errors of Saturn positioned in twelfth bhav should be done. Saturn puts its vision on the bhavs, the Saturn sitting in the twelfth bhav gives bad results. From third eye, Saturn sees money bhav and from seventh eye it sees sixth bhav and from tenth eye, it sees ninth bhav. Hence, at the starting of Sadhesati, Jatak gets troubles from his enemies and diseases start. Due to which he suffers from financial loss and his luck gets decreasing.

Like-wise when Saturn transits in First bhav then sees third, seventh and tenth bhav. In this situation, physical and mental problems of Jatak start getting to increase, and due to which he gets problem in business or service. Absolutely like this, when Saturn comes into second bhav from moon sign, then the physical pleasure gets decreased and the sources of income get decreased and due to this Jatak remains upset. Like this up to seven and a half years, gives inauspicious results. \n In Sadhesaati, Jatak not only gets bad results but in the following situations, he gets auspicious results.

In Sadhesaati, if Saturn transits in sun sign of Capricorn, Aquarius, Libra, then Jatak gets auspicious results, not inauspicious, because any planet if transits in its own sun sign or higher sun sign then gives only auspicious result.

By Idol construction: - In Sadhesaati, if Saturn comes in twelfth bhav from gold idol then the starting of Sadhesaati remains good. In three bhavs of Sadhesaati if enters from gold or idol of Chandi then saadhesaati will give auspicious results and not inauspicious. But if Saturn enters in any bhav from iron idol then two and half years are very painful.
